

Agency: Commerce, Community and Economic Development**Grants to Municipalities (AS 37.05.315)****Grant Recipient: Anchorage****Project Title:**

Anchorage - Spring Hill Elementary School - CCTV/Security System Upgrade

State Funding Requested: \$ 175,000**House District: 30 - O**

One-Time Need

Brief Project Description:

Replace aging security systems with upgrades that meet Anchorage School District standards.

Funding Plan:**Total Cost of Project: \$175,000**Funding Secured*Amount FY*Other Pending Requests*Amount FY*Anticipated Future Need*Amount FY*

There is no other funding needed

Detailed Project Description and Justification:

The project entails the replacement of the aging burglar alarm system with a higher quality system that is now the district standard. This system also sets the stage for future card key access at these schools. Additionally, the project involves adding security cameras at the school. The goals of these systems are of course to keep students, staff, and visitors safe, and to protect the expensive facilities from vandalism and theft.

Spring Hill is in a high traffic area, and often has problems and property damage associated with skateboarding when staff is not present. Spring Hill is near a large Middle School, and older youth sometimes hang out here.

The systems are a critical safety upgrade.

Project Timeline:

Expenditures will occur in FY09

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Anchorage School District
